☐ Java Coding (https://tutorialworld.in/java-coding/)

- Java program to print all natural numbers from 1 to n using for loop.
- Java program to print all even numbers between 1 to 100 using for loop.
- Java program to print all odd number between 1 to 100 using for loop.
- Java program to print sum of all even numbers between 1 to n using for loop.
- Java program to print sum of all odd numbers between 1 to n using for loop.
- Java program to print multiplication of any number using for loop.
- Java program to count the digits of a given number using for loop.
- Java program to print the sum of digits of a given number using for loop.
- Java program to print all natural numbers in reverse order using for loop.
- Java program to check whether a given number is Prime or not using for loop.
- 11. Java program to print all Prime numbers between 1 to n using for loop.
- Java program to find sum of all prime numbers between 1 to n using for loop.
- Java program to check a given number is Armstrong or not using for loop.
- 14. Java program to print all Armstrong numbers between 1 to n using for loop.
- Java program to check a given number is Perfect or not using for loop.
- Java program to check all Perfect numbers between 1 to n using for loop.
- 17. Java program to check a given number is

digit of number using for loop.

- 20. Java program to swap values using third variable using for loop.
- 21. Java program to swap values without using third variable using for loop.
- 22. Java program to calculate power of a number without using pow method using for loop.
- 23. Java program to find power of a number without using pow method using for loop.
- 24. Java program to calculate power of a number using pow method using for loop.
- 25. Java program to check number is palindrome or not using for loop.
- 26. Java program to print Fibonacci series of a given number using for loop.
- 27. Java program to print Fibonacci series of a given number using recursion using for loop.
- 28. Java program to print the frequency of digits in given number using for loop.
- 29. Write a program in Java to print ASCII character with values using for loop.
- 30. Java program to print all alphabets from a to z using for loop.
- 31. Java program to print all uppercase alphabets using for loop.
- 32. Java program to print all lowercase alphabets using for loop.
- 33. Java program to print all factors of a number using for loop.
- 34. Java program to print HCF (GCD) of two numbers using for loop.
- 35. Java program to print LCM of two numbers using for loop.
- 36. Write a Java program to find all prime factors of a number using for loop.
